## MAKE A MINI DRUM

Color and cut out the drum top, bottom, and side.

Bend the tabs on the bottom and glue to the inside of the side, forming a complete circle. Hint: Let your glue get tacky before assembling, and glue half the tabs and let them dry before gluing the rest.

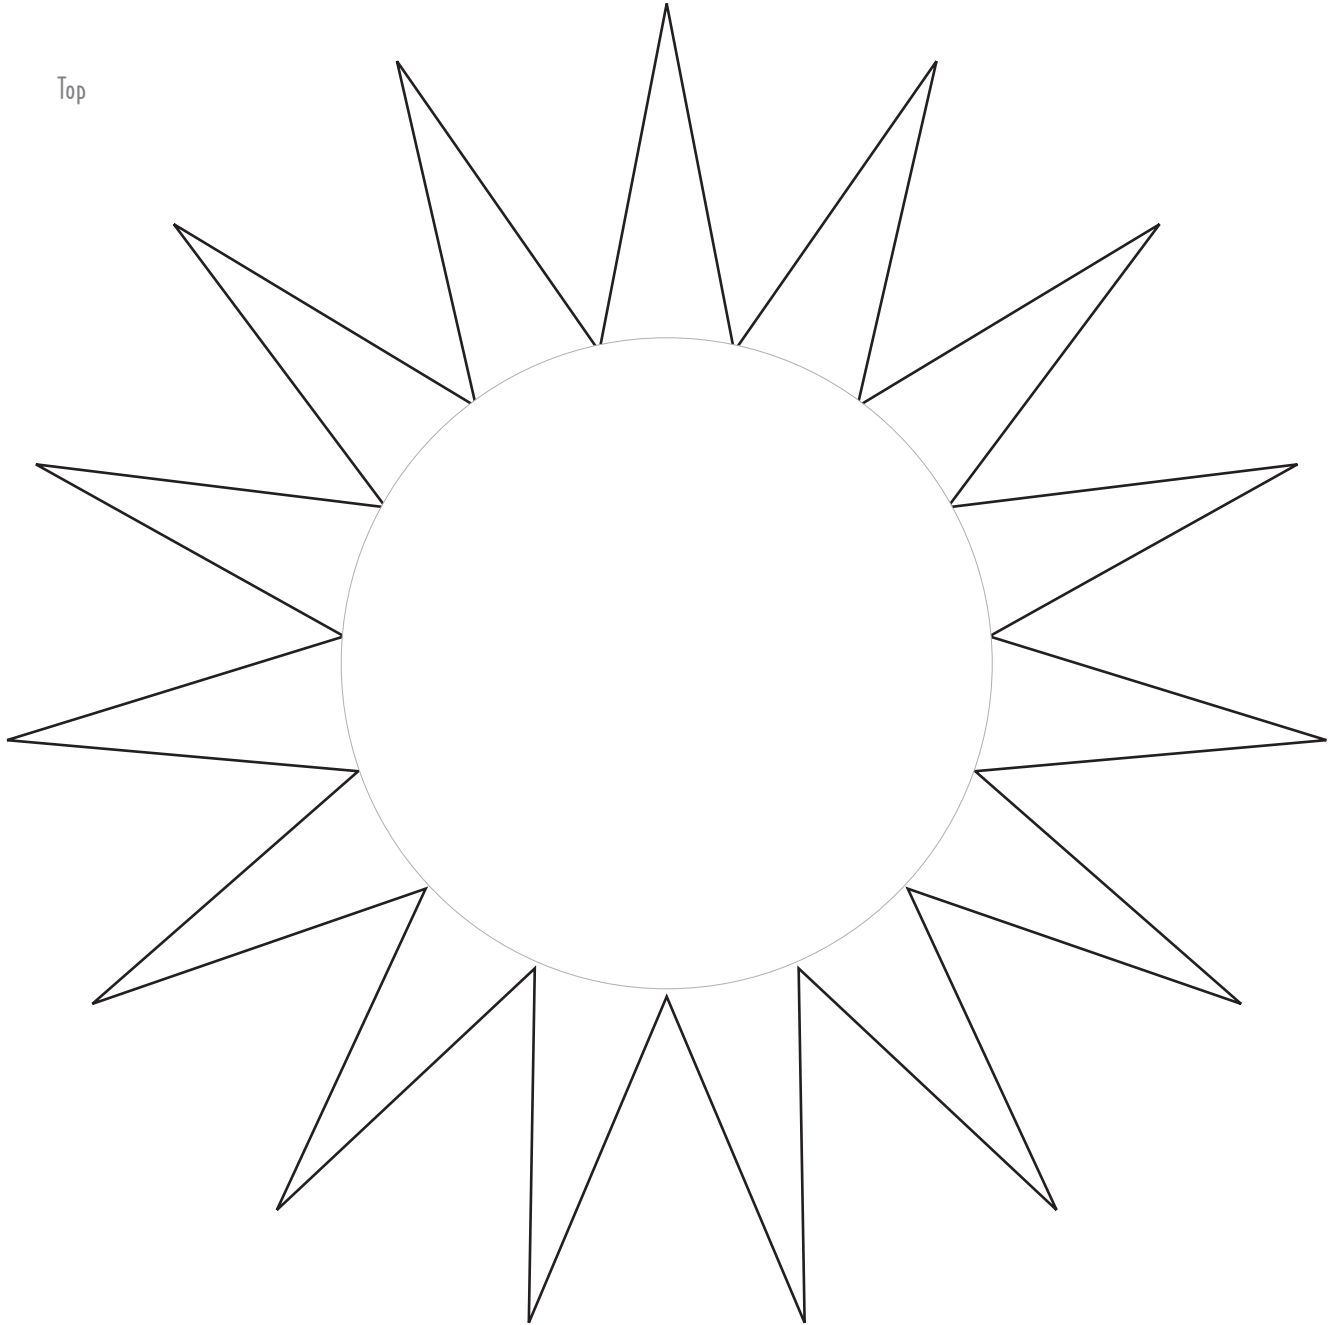

Bend the points on the top. Place the top over the side (with points facing down) and glue the points on the outside.

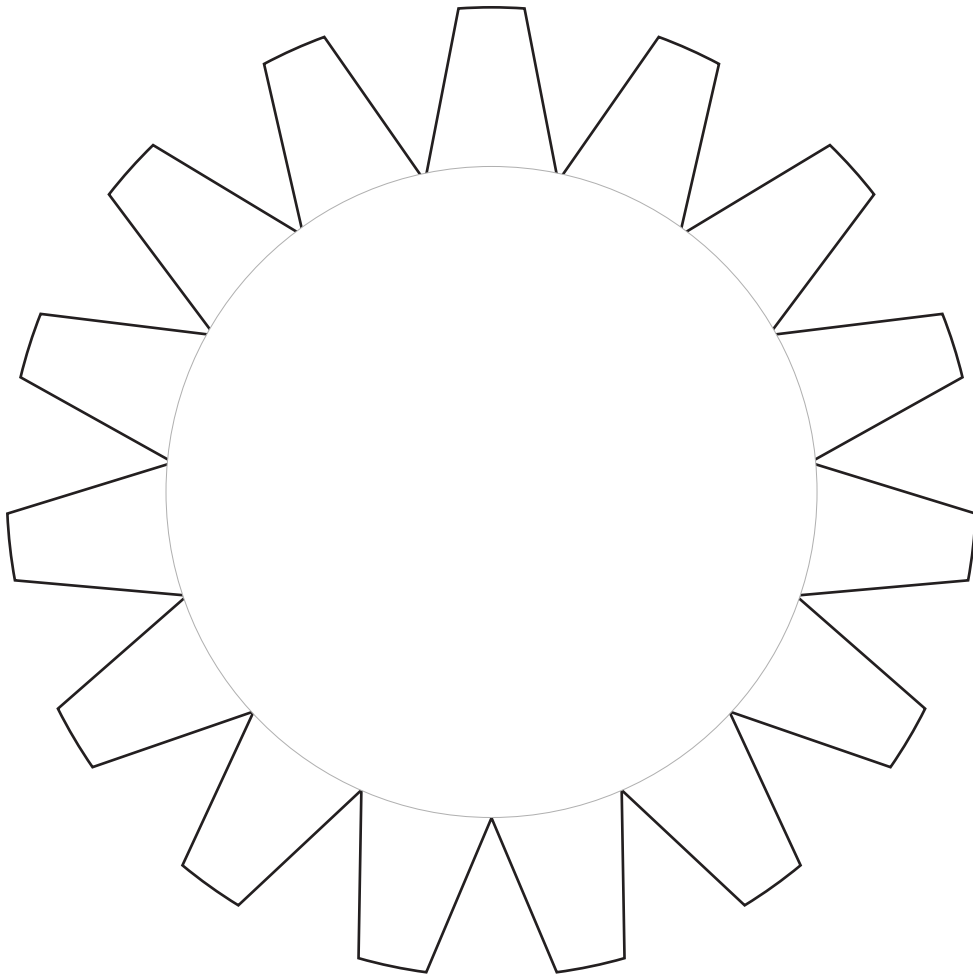

Optional: Decorate your drum with pom-poms, stickers, sequins, etc.

Play your drum (gently!) with pencils, sticks, or other materials you can find.
